THE CELTIC INVASION.

Douglas, Catholicism and Slavery vs. the People of Illinois.

[From the Epringfield Journal.]

The Profosed Election Frauds,—we invite attention to the following letter received on yesterday from one of the most substantial merchants of St. Louis. We ask our citizens, honest men of all parties, what shall be done to arrest the propose frauds? Shall we tamely submit to the loss of our dearest right by the impression of hirelines from another State? THE PROPOSED ELECTION FRAUDS .--We invite portation of hirelings from another State? I'rompt and efficient action alone will meet the Prompt and emicient action stone will meet the case, and we call upon the lovers of peace and good order, and all who desire to see the purity of the ballot box maintained, regardless of the success of this or that party, to, unite and hand themselves together to prevent the outrageous frauds no in contemplation:

Sr. Lovis, Oct. 21, 183 Editors Journal: So hold has the game be-come, that men are publicly hiring Irishmen in our streets to go into Illinois to vote for Dougcome our streets to go into Illinois to vote for Doug-las. The sgents refuse to tell where the men are to be employed; but they are fully under-stood by the Irishmen. I heard one of them say, "Faith, and he does not want us to work, he wants us for carpet bag men!" This was said in a large crowd of Irish, who are at this mo-ment taking tickets at the corner of Market street and the Levee. They go to Cairo, thence up the Central road.

John Henry & Co. have handbills up for one hundred and fifty hands, which is the number supposed to be necessary to carry Horgan County.

If the Republicans do not take the proper steps to correct this fraud on the ballot box, they richly deserve defeat. They should organize Vigilance Committees at every voting place in the State, that is within five miles of the railsteps to on the State, that is within his miles of sale lair roads. They may rest assured that extensive preparations are making to carry several of the doubtful counties for Douglas by taking Irish notive from this city and Chicago.

[From the Peorla Union] VOTERS BEING IMPORTED INTO PROBLA COUNTY We are informed that the general system of the importation of fraudulent voters that is now being carried out in this State by Douglas and his minious, has been already commenced in this county and Congressional district. The train from Chicago on Friday last set down some thirty illegal voters at Chillicothe, who at once dustributed themselves themselves the adventure. thirty illegal voters at Chillicothe, who at once distributed themselves throughout the adjacent country to await the day of election. This is the manner in which the free and independent voters of this district are to be overslaughed in the expression of their opinions by these courses. hirelings of an unscruptions, candidate for an office he will never again reach. If this sort of thing is to go on unchecked, it simply remains for us to prescribe the only antidote known to us for the avoidance of the evil results that must us for the avoidance of the evin results has must follow. It is imperatively necessary, and we say it thus early in order to put our friends upon their guard, that prompt and fearless challengers be stationed at every poll, fortified with a "tick-ler" containing the names of those who are le-cally entitled in vote in any precinct. Our gally entitled to vote in any precinct. Our friends should at once make out the list of names, and from it familiarize themselves with lurking strangers, and when the time comes, larking strangers, and when the time comes, challenge them strennously and unyieldingly. In this way alone is it that we can hope for anything like a truthful expression of the popular choice in this important contest.

[From the Prairie Beacon (Edear County).]

Impostrue Vortes.—We understand that illegal irish voters are gradually dropping into this county, to be ready for the coming election. We appeal to the better part of the Democratic party for the condemnation of such schemes of viliality. Trusting that they will appreciate the importance of keeping the ballot box pure, we hope they will promptly repulse every attempt on the part of unscrupulous demagogues to introduce voters from abroad.

a few days for points on the Illinois River for
